THIS DAILY EXERCISE!

Madam! Do you know that it's clever to be a clipper? Here's a habit you can readily cultivate, and you'll find many of your best friends following it.

To become a clipper at one clip, so to speak, just see that the shears are handy when you sit down to read your newspaper. As you spot an advertisement of something that interests you . . . especially some item that you want to examine when you're shopping next time ... clip out the notice and take it with you.

The merchants who advertise with us are glad to have you ask for specific merchandise. And sometimes it's helpful to refer to the advertisement when you're right in the store.

At all events, a clipping pinned to your shopping list helps you to remember this particular orrand. It simplifies and shortens a shopping-trip so much to know what you want and where to get it!

# Cles! of course There is a SANTA CLAUS

OME frugal people suggest cutting down their list of Christmas gifts this year. It should be remembered that every dollar expended in Christmas Shopping provides employment, pays wages and stimulates trade, so make this a genuine Christmas. Such action will help Canada's business and it will help you.

The Christmas Season is here---let us hope the Christmas spirit is here as well. An early start means a good ending. Even if it hurts---let us not forget that Christmas cheer means a better New Year.

# DON'T BE A SCROOGE!

The Old Miser Wasn't Even Popular With Himself

Remember the story, don't you? Times were a lot tougher in the days of Scrooge—but Scrooge gladdened the heart of Tiny Tim. Let us have Action. Make up your list. Do your Christmas Shopping now. Start now, anyway—it is surprising how far your money will go.

Santa Claus says such values may not be obtainable again for many a day.

Altogether, then, for Christmas action—and be a regular Santa Claus

Not only are the provisions for this Christmas lavish but the prices are lower than they have ever been before . . . due to foresighted buy-ing on the part of the stores before prices began their steady rise. Reading the advertisements in this paper is impressive of how far your glit dollars stretch this year. Take advantage of these exceptional values. It will mean finer gifts for your friends and greater becoming to you.

He holds court now in the stores of Belleville and calls on you for loyalty in observance of the brotherhood of man, good fellowship to the needy and the devotion to your kinfolks that is made manifest through gifts.

LAVISH has been the preparation, extensive the variety, broad in a range of choice to fit every purse, preference, and purpose.

HIS ORDER GOES FORTH . . . s pend as generously as your heart directs; spend as economically as your means dictate but spend to bring JOY to all . . . to perpetuate the true CHRISTMAS SPIRIT.

# "Fresh Paint"

There's an advertisement for you. The sign "Fresh Paint" registers; It starts a train of thought; it's news! The skeptle may apply a doubtful finger; but most of us believe this message. Tomorrow when the paint is no longer "fresh," this sign will be gone.

Every day of the year, newspapers are crammed chock-full of such fresh news. It may be the latest information from a great international conference . . . It may be a description of new styles in shoes at a local store . . . But whether it'sbattleships or ladies' footwear, it's NEWS, fresh, vital, important, timely—the story of the present, the hint of the future.

The advertisements in a daily newspaper mirror local commerce with all the flexibility and up-to-dateness of the front page. The publie is not interested in last month's grocery specials any more than In last month's baseball or football games. So the advertising in your daily paper must change-day by day-just as the news columns. And, why not? Advertisements are news!

When a friend of yours shows a profound ignorance of important current events, you say-"Don't you ever read the papers?" You may ask the same question of all those who never know where to shop . . . or what's new in the world of merchandise. That's all in the papers ... in the advertisements ... news .... the latest ... the

true . . . the timeliest.

purchasing Life Insurance from The London Life right now. There's a reason.

HE experiences of the past three years have made people more anxious than ever to make sure

-that their families will always have

\_that their children will be educated, that their business interests will be protected.

-that they will have enough money with which to retire later on.

Life Insurance has proven to be the one universal solution to these problems-that's why it is popular.

It is remarkable, too, that London Life policyholders reap these benefits by depositing only 3% per annum, on the average, of the amount of insurance.

As Tarsan fell from the cliff his body was brought to a stop by one of the many stunted trees it is clung tenseiously to the wind-swept alone. Terrified, Nitima scampered to his master's side and pulled and tigged upon him in an effort to raise him, but the ape-man lay motionless, a tiny atream of blood trickling from a cut on his tenne.

The black warriors, who had been watching them Introm below, clambered quickly up the mourtains, a Little Ykima made a fullle and pathello effort to a keep them away from his fallen master, but they hrushed him aside, Tarran unconceious, was surrounded by warriors of the Bagqeo tribe and curried to a hut in the village, a prisoner.

next day Luked, one of the Basegos, carried T sund of milk to the hut. He shuddered with fear the the saw the figure of the giant white man who to attitus in the dim light on the turt floor, his tab bound together behind his back and his law made secure with tough fibre strands.

trians demanded that his bonds be loosened so hat he could use his hands to drink. Luked called we slares, who covered the ape-man with spears while Lukedi cut the fibre strands. Then an old, utuled daye chain and an anneam pedick were rought and Tursan was fastened to the centre pole while two men with spears stood quard. TO THEATRE FANS

No further correspondence concerning the competition therefore can be considered. We wish to thank the many thousands of satisfied users of. Fry's Cocoa for their keen interest

All winners were selected en-tirely by modern automatic vote recording machinery (an affidavit of the Recording and Statistical Service Corporation is given here-with) and this selection is final.

# 1429 Canadians Share in Fry's Cocoa Contest Awards

Prize money has been increased from \$2500 to \$5001.50

W B are glad to announce that nearly 100,000 entries were received, a number far in excess of expectations. Under the terms of the Fry Contest, the prime money, in the event of a daws, is to be divided among those who listed to 7 USES FOR FRY'S COOO in the correct order as decided by popular vote. Here is the winning order:

1. Hot Cocoa 2. Children's Drink

2. Children's Drink
3. Cakes and Puddings
4. Cake Icing
5. Chocolate Fudge
6. Iced Cocoa
7. Chocolate Sauce

This order was correctly forecasted by 1429 persons.

In view of the unexpectedly large list of prize winners resulting from so great a flood of contest entries, we have decided to DOUBLE THE PRIZE MONEY from \$2500 to \$5001.50.

This sum will be divided equally and each of the 1429 winners will therefore receive, by mail, a cheque for \$3.50.

In cases where contestants have sent in more than one correct entry, a sum of \$3.50 will be sent for each correct result obtained.

The following is the numerical division of prize winners, by Provinces: Ontario 702; Quebec 122; Nova Scotia, New Brunswick and Prince Edward Island 48; Maniroba 127; Alberta 120; Sakatchewan 122; Beltish Columbia 188.

## "Fresh Paint"

There's an advertisement for you. The sign "Fresh Paint" registers; It starts a train of thought; it's news! The skeptic may apply a doubtful finger; but most of us believe this message. Tomorrow when the paint is no longer "fresh," this sign will be gons.

Every day of the year, newspapers are crammed chackefull of such fresh news. It may be the latest information from a great international conference . . . It may be a description of new styles in shoes at a local store . . . But whether it'sbattleships or ladies' footwear, it's NEWS, fresh, vital, important, timely-the story of the present, the hint of the future.

The advertisements in a daily newspaper mirror local commerce with all the flexibility and up-to-dateness of the front page. The public is not interested in last month's grocery specials any more than in last month's baseball or football games. So the advertising in your daily paper must change—day by day—just as the news columns. And, why not? Advertisements are news!

When a friend of yours shows a profound ignorance of important current events, you say-"Don't you ever read the papers?" You may ask the same question of all those who never know where to shop .... or what's new in the world of merchandise. That's all in the papers ... In the advertisements ... news ... the latest ... the true ... the timeliest.

## Keep Up to Date

There's an advertisement for you. The sign "Fresh Paint" registers; it starts a train of thought; it's news! The skeptic may apply a doubtful finger; but most of us believe this message. Tomorrow when the paint is no longer "fresh," this sign will be gone.

Every day of the year, newspapers are crammed chock-full of such fresh news. It may be the latest information from a great international conference . . . It may be a description of new styles in shoes at a local store . . . But whether it'sbattleships or ladies' footwear, it's NEWS, fresh, vital, important, timely-the story of the present, the

The advertisements in a daily newspaper mirror local commerce with all the flexibility and up-to-dateness of the front page. The public is not interested in last month's grocery specials any more than in last month's baseball or football games. So the advertising in your daily paper must change-day by day-just as the news columns. And, why not? Advertisements are news!

When a friend of yours shows a profound ignorance of important current events, you say-"Don't you ever read the papers?" You may ask the same question of all those who never know where to shop . . . or what's new in the world of merchandise. That's all in the papers ... in the advertisaments ... news ... the latest ... the

BELLEVILLE, ONTARIO, THURSDAY, DECEMBER 22, 1932

# A Dappy Christmas for All

O Little Town of Bethlehem,
How still we see thee lie:
Above thy deep and dreamless sleep
The silent stars go by:
Yet in thy dark streets shineth
The everlasting Light;
The hopes and fears of all the years
Are met in thee tonight.

For Christ is born of Mary;
And gathered all above,
While mortals sleep, the angels keep,
Their watch of wondering love.
O morning stars, together
Proclaim the holy birth,
And praises sing to God the King,
And peace to men on earth!

How silently, how silently,
The wondrous gift is given!
So God imparts to human hearts
The blessings of His heaven:
No ear may hear His coming;
But in this world of sin,
Where meek souls will receive Him, still
The dear Christ enters in.

O Holy Child of Bethlehem,
Descend to us, we pray;
Cast out our sin, and enter in;
Be born in us today.
We hear the heavenly angels
The great glad tidings tell:
O come to us, abide with us,
Oc. Lord Immanuel.

-Bishop Phillips Brooks (1868)

WELL HARRY, WE'VE SAVED TWO HUNDRED EXTRA DOLLARS IN THE LAST YEAR AND BOUGHT LOTS OF THINGS WE DIDN'T THINK WE COULD AFFORD BEFORE YOU BET, MARGARE THAT ORGANIZED FINE BUSINESS

It's simple. First, of course, comes the planning of a simple, flexible budget. Then take this copy of this paper and look carefully through the ads to find the items that you need at the prices that fit your budget. Fill your wants every day by reading the advertisements in this paper to balance your budget before you go out to buy instead of buying the things you want and then seeing if your budget balances . . . this is organized buying and will give you more things for less money; less effort.

# TO ALL MERCHANTS MANUFACTURERS AND BANKERS....

# This is the way to BETTER BUSINESS

"Before there is any great upturn in volume of sales for manufacturers of trade-marked merchandise, there must inevitably be a great upturn in advertising volume.

"Because, merchandising embraces every marketing process involved in getting a commodity from the factory to the consumer. Not merely from the factory to the salesman. Not from the salesman to the wholesaler. Nor from the wholesaler to the retailer. But all the way from the factory to the consumer. Including all the in-between stopping-places.

"Merchandising is complete trade. Goods fully sold. Commodities taken to their cash-yielding terminal. When this last step rounds out the procedure... when the ultimate user's cash flows back through the channels of trade... and the way is opened for repeat sales... then we have Business."\*

## HERE WE HAVE THE ECONOMIC BASIS OF ADVERTISING

For if we agree that merchandising requires this completion of selling, so that goods go into use and are used up, then we establish the place of advertising as a business essential. Advertising holds its position because it simplifies dealing with the public—as to effort, time and cost. It is an intrinsic part of selling at that last step which actually moves the goods into consumers' hands.

Advertising in the Daily Newspapers—if it is geared by intelligent and trained men to do its necessary share in the job of selling—is an unchanging dominant power—the most rapid, direct, simple and economic contact with Canadian consumers.

Now is the time for every one to be informed . . . to know what is going on - not merely in the political, social, and athletic world - but in the business and commercial world as well.

WILL YOUR MONEY GO THIS YEAR

You Get More For Your Money By Reading The Ads In THE things you have to have . . . the necessities of your life will take a goodly share of it. Your object is to so buy these things that your margin for savings, for amusement, and those little luxuries that make life so pleasant, will be increased.

DURING 1931 and 1932 you have learned many a practical lesson in sound buying. You have learned that PRICE without Quality is always a bad bargain. And most of you have learned that careful shopping through the ADVERTISEMENTS IN THIS PAPER is your most reliable guide to PROFITABLE BUYING and SUBSTANTIAL SAVING.

DON'T FORGET THESE VALUABLE LESSONS as 1933, 1934, and the succeeding years bring you increased prosperity ...
FOR YOUR MONEY IS WORTH ONLY WHAT YOU GET FOR IT.

#### The HAPPY ENDING ... By Jimmy

It's simple. First, of course, comes the planning of a simple, flexible budget. Then take this copy of this paper and look carefully through the ads to find the items that you need at the prices that fit your budget. Fill your wants every day by reading the advertisements in this paper to balance your budget before you go out to buy instead of buying the things you want and then seeing if your budget balances . . . this is organized buying and will give you more things for less money; less effort.
